To enjoy full viewing benefits of HDTV technology, programming must be transmitted in HDTV format, received on an HDTV receiver like the Motorola DCT5100 and displayed on an HDTV monitor. To determine if High-Definition programming available in your area, contact your cable company. MOTOROLA and the Stylized M Logo are registered in the US Patent & Trademark Office. All other product or service names are the property of their respective owners. Manufactured under license from Dolby Laboratories. CLEARLY, A BETTER TELEVISION EXPERIENCE.

DCT5100 HIGH-DEFINITION DIGITAL CABLE RECEIVER

DCT5100 HD Digital Cable Receiver

THE DCT5100: THE ADVANTAGES COULDN'T BE CLEARER.

High-Definition television delivered via digital cable is changing the way people watch TV. You've never seen a picture this clear. Or, experienced audio this crisp.

Purchase a Motorola DCT5100, and you'll own one of the most advanced digital High-Definition receivers available. The DCT5100 combines the advantages of digital cable and High-Definition into one compact unit – so you won't need a digital receiver... and a separate HD decoder unit. You'll take advantage of all that digital cable has to offer today. Plus, you'll be ready for the advanced interactive applications and increased amounts of High-Definition programming tomorrow.

Enjoy the extraordinary features of High-Definition – incredible picture quality and sound – plus the great features of digital cable.

Prepare to be dazzled.

HIGH-DEFINITION TV: THIS IS BIG.

How much better is High-Definition than regular TV? It's like night and day. Here's what you can look forward to:

- Stunning visual clarity
- Vivid colors and incredible detail
- Five times the resolution of regular television and several times that of DVD
- Enhanced Dolby® 5.1 Surround Sound

And as the number of shows, sporting events and movies broadcast in High-Definition grows, so will your viewing experience. With the DCT5100 and your HD capable television, you're as ready as you can be.

As the industry leader in digital set-top receivers shipped throughout the world, Motorola knows digital cable TV – now the DCT5100 lets you experience the amazing features of HDTV.

ONE RECEIVER. SO MANY FEATURES.

The DCT5100 combines today's hottest features with Motorola's innovative design. It's all here – an HDTV decoder, support for digital surround sound audio, and today's great digital cable benefits, like:

- Hundreds of channels, including the newest digital networks
- Digital picture and CD-quality sound
- Hundreds of movies on multiple premium movie channels and Pay-Per-View
- Season-long sports packages
- Dozens of CD-quality commercial-free music channels
- An Interactive Onscreen Programming Guide
- Local news, weather and sports
- Live concerts
- Parental controls

Plus new features, like Video On Demand, where you can access, pause, rewind and fast-forward movies and shows to fit your schedule (check with your cable operator for availability in your area).

NO-WORRY WARRANTY

The DCT5100 is an exceptionally dependable product. A one-year manufacturer's limited warranty is included, and two- and three-year extended limited warranties are available for purchase.

CONTACT YOUR CABLE PROVIDER

For more information about High-Definition and digital cable services available through the DCT5100, please contact your cable provider.
